Professional Summary

Recent Computer Science graduate targeting Data Analyst and Business Intelligence Analyst roles. Built 8 portfolio dashboards across retail, inventory, operations, services, call center, media, HR, and sales analytics using Python, SQL, Excel, Power BI, Tableau, DAX, and Power Query. Skilled in data validation, ETL, data pipeline development, Exploratory Data Analysis (EDA), KPI reporting, stakeholder communication, and translating findings into business insights.

Technical Skills

- **Programming & Querying:** Python, SQL
- **Business Intelligence:** Power BI, DAX, Tableau, Excel
- **Data Analysis:** Exploratory Data Analysis (EDA), Statistical Analysis, Root Cause Analysis, KPI Reporting, Data Storytelling
- **Data Quality & Engineering:** Data Validation, Data Quality Checks, Data Cleaning, Data Modeling, ETL, Data Pipeline Development, Power Query
- **Business Analysis:** Requirements Gathering, Business Requirements, Stakeholder Communication, Dashboard Development, KPI Development
- **Machine Learning:** Feature Engineering, Data Preprocessing, Regression, Classification, Clustering, Model Evaluation
- **Libraries & Tools:** Pandas, NumPy, Matplotlib, Seaborn, Plotly, Scikit-learn, Git, GitHub, Jupyter Notebook, VS Code, Linux
- **Databases:** SQL Server, MySQL

Projects

Supermarket Retail Analytics Dashboard

01/2026 – 02/2026

Power BI, Power Query, DAX, Data Modeling

- Built a Power BI dashboard connecting sales, cost, profit, products, stores, customers, returns, regions, and calendar data to analyze store efficiency and product profitability.
- Delivered multi-level executive reporting with gross margin logic, return-rate tracking, and month-over-month KPI growth across sales, product, store, and customer dimensions.

Electrical Shop Inventory & Financial Dashboard

02/2026 – 03/2026

Power BI, Power Query, DAX, Inventory Analytics

- Developed a three-page Power BI dashboard joining sales, purchases, inventory, operations, cash flow, and bank transactions to connect operational activity with financial health.
- Analyzed gross profit, inventory quantity and value, transfers, and shortages, and monitored daily sales timing patterns alongside cash inflows, outflows, and net cash flow.

Baladna Production & Distribution Dashboard

03/2026 – 04/2026

Power BI, Power Query, DAX, Operations Analytics

- Built an operations dashboard transforming sales, production, distribution, products, categories, regions, and targets; reported 839M total sales quantity and 690M total production quantity.
- Aligned Sales and Production under a shared calendar model and monitored 43M distribution quantity against 107M target remaining.

Services Revenue Analytics Dashboard

04/2026 – 05/2026

Power BI, Power Query, DAX, Services Analytics

- Designed a Power BI dashboard modeling service, branch, and calendar data to analyze revenue, service volume, hours, active clients, and department contribution.
- Engineered KPIs for revenue per service and revenue per client, and evaluated branch performance and client rankings across regions.

Salla Call Center Performance Dashboard

05/2026 – 06/2026

Power BI, DAX, Power Query, Data Modeling

- Developed stakeholder-ready reporting for 1.74M offered and 1.72M handled calls; surfaced 91.06% SLA and 1.32% abandonment.
- Engineered a data pipeline with Power Query and DAX across 16 agents; reported 9.22-second ASA and 71.60% forecast accuracy.

MDb Movies Financial & Audience Dashboard

06/2026 – 07/2026

Power BI, Power Query, DAX, Movie Analytics

- Built a Power BI dashboard connecting revenue, budget, profit, ROI, ratings, genres, directors, and cast; reported 528.25bn total revenue and 357.73bn total profit (209.79% ROI).
- Created interactive filters by genre, release year, director, and title to analyze budget vs. revenue and audience rating signals.

HR Attrition Dashboard

07/2026 – 08/2026

Tableau, Human Resources Analytics

- Created an attrition dashboard for 1,480 employees and 238 departures; reported 16.08% overall attrition.
- Segmented results by role, age, and satisfaction to support workforce planning; the highest visible rate was 35.77% for ages 18–25.

Misuo Sales Dashboard

08/2026 – 09/2026

Excel, Power Query, Pivot Tables

- Developed a sales dashboard reporting 1,100,228 sales across 109 orders and an average selling price of 10,478.
- Leveraged a Power Query data pipeline to analyze customer type, product performance, regional trends, and 69.72% on-time delivery.

Education

Bachelor of Computer Science, Faculty of Computer and Artificial Intelligence

09/2019 – 07/2023

GPA: 3.4 | Graduation with Honors

Relevant Coursework: Database Systems, Statistics, Machine Learning, Artificial Intelligence

Certifications

- Google Data Analytics Professional Certificate — 03/2026
- Google Advanced Data Analytics Professional Certificate — 03/2026
- IBM Data Analyst Professional Certificate — 04/2026
- Microsoft Power BI Data Analyst Professional Certificate — 04/2026
- Data Analysis with Excel Power Tools, DataCamp — 04/2026
- Professional Data Analyst Diploma — 08/2026

Skills & Languages

- **Soft Skills:** Problem Solving, Critical Thinking, Decision-Making, Communication, Stakeholder Management, Teamwork, Planning, Adaptability, Attention to Detail
- **Languages:** Arabic (Native), English (Professional)
